

Professor Raj Kumar

Vice Chancellor

PANJAB UNIVERSITY

CHANDIGARH, India 160 014

Message

One of the oldest Universities in India, the Panjab University incorporated at Lahore on 14th October, 1882, has a long tradition of pursuing excellence in teaching and research. Institutions like Panjab University which are made of something more than merely bricks and mortar have a major responsibility in nation building through enriching science and technology, humanities and arts by providing value based quality education to students to make them moral leaders.

Since its very inception the Panjab University, Chandigarh is a pioneer institution of higher education and research, enjoying 'A' Grade by the National Assessment and Accreditation Council (NAAC). It has been diligently continuing its march towards transparency, accountability and excellence in teaching and research and stands committed to the dissemination of knowledge in the society through a vast network of affiliated colleges in six Districts of the State of Punjab and Chandigarh.

The College Development Council of the Panjab University serves as a link between the colleges and the University. The College Development Council, Panjab University serves various societal needs with distinction, within its Campus at Chandigarh, and nearly two hundred colleges in state of Punjab and U. T. Chandigarh.

I am confident that the centralized information available on the official website of the office of the Dean, College Development Council would provide necessary help and guidance to all the stakeholders in the integrated development of their Colleges.

I send my compliments to the Dean, College Development Council and his team-mates for having worked hard to launch this website.

(Raj Kumar)
